CUNY City College, 2005

**PROFESSIONAL REGISTRATIONS**

Registered Landscape Architect

- State of New York

**PROFESSIONAL AFFILIATIONS**

American Society of Landscape  
Architects (National and Upstate  
New York Chapters)

As a Project Landscape Architect at Insite, Dawn is involved in a number of the firm’s site development and planning projects. Her responsibilities on individual projects include site layout and design, planting design and materials selection, grading design, sediment and erosion control and lighting design. Dawn directs site plan and construction drawing preparation, participates in sediment and erosion control inspections and conducts landscape architectural construction oversight.

**PROJECT HIGHLIGHTS**

*Vassar Brothers Medical Center: Poughkeepsie, NY*

- Insite provided engineering and landscape architectural services for a major campus reconstruction. The landscape improvements included pedestrian access, parking and overall hardscape and landscape design. These improvements were integrated into a congested City environment.

*Memorial Plaza / Manville Road: Pleasantville, NY*

- Insite provided engineering and landscape architectural services for the preliminary planning and design of the Memorial Plaza / Manville Road improvements. The designs included pedestrian and streetscape improvements to improve the overall function of a busy downtown Village area.

*Bedford Memorial Park, Bedford, NY*

- Insite was the engineer, surveyor and landscape architect for a park improvement project involving stormwater management improvements and relocation of existing facilities. The landscape architectural components involved planting, pedestrian access, lighting and overall park enhancements.

*Northern Westchester Hospital: Mt. Kisco, NY*

- Insite has provided a full array of services on numerous projects on the hospital campus. Dawn has been involved with site design, landscape design and construction oversight for a variety of projects on this hospital campus located in a busy Village area.
