Rich is a Senior Associate and Senior Project Engineer at Insite. Since joining the firm in 2007, Rich has proven to be a leader in the profession, offering unparalleled dedication to his clients while focusing on cost effective cutting edge solutions.

With over 14 years of engineering and construction experience, Rich is responsible for overseeing the design and day to day management of a number of the firm's civil engineering and site development projects.

Rich's specific area of expertise is in hydrology and hydraulics. Rich has extensive experience in dealing with NYCDEP and NYSDEC Stormwater permitting. Rich also provides consulting services relative to NYSDEC's Municipal Separate Storm Sewer System (MS4) program. With his experience in hydrology and hydraulics, Rich has been a key component in developing the firm's stormwater permitting program.

Rich primarily works throughout Westchester and Putnam Counties serving government agencies, private developers, and land owners.

### PROJECT HIGHLIGHTS

#### *Crescent Associates – Office Building: Tarrytown, NY*

- Insite provided site / civil engineering services to subdivide an existing commercial parcel to allow the development of a 60,000 s.f. office building. Rich managed Phase 1 construction which was completed in 2015 and consisted of the construction of a 100 space porous asphalt pavement parking lot.

#### *Enclave at Pleasantville – Townhome Development: Pleasantville, NY*

- The Enclave at Pleasantville is a 68-unit townhome development currently under construction by Toll Brothers, Inc. Rich managed the site / civil engineering efforts through the approval process and is currently managing the construction oversight.

#### *Sycamore Park – Town Park Redevelopment: Carmel, NY*

- Insite assisted the Town to master plan the redevelopment of the Town's central park property. Currently, Rich is managing the design and permitting for an 18,000 square foot community center, parking lot, and new water and wastewater treatment systems.

#### *The Mews at Baldwin Place Phase 1 and 2 – Senior Affordable Housing: Somers, NY*

- Insite fulfilled all phases of the design and construction of a 147 unit senior affordable housing community. Rich led the project design team, represented the project in front of reviewing authorities, and oversaw site construction.
